

There are several different types of NDIS supports we might include in your plan when you need home and living support. These include:

Supported independent living

Individualised living options

Specialist disability accommodation

Medium term accommodation

Short term accommodation

Home modifications

Personal care supports

Younger people in residential aged care

Different types of home and living supports will suit different people.

We want to provide the best option for support in your home, now and in the longer term. We can help explain the different home and living supports and work with you to find the best option for you to live as independently as possible.

[Contact us](#) if you want more information on the different kinds of home and living supports that might suit you.

If you have a goal about home and living in your plan we may be able to fund home and living supports. We will need to get information about your current and future needs. This helps us work out what home and living supports we can fund.

Remember there are [principles we must follow when we create your plan](#). Each NDIS support, and your total package of NDIS supports, must meet the [NDIS funding criteria](#).
